

RS232 to RS485 Serial Converter Terminal Block

RS-232 to RS-485 Signal Conversion

Model No. US-485C

Make short work out of converting your serial port signals from RS-232 to RS-485 by using a 5-Pin terminal block converter connection. Easy to use with no drivers required, works on all operating systems.

- Extremely compact and well labeled for connections to Terminal Block.
- Versatility in use of power options, port power RS-232 or 12VDC at terminal connection
- Uses DB-9 Female port connector for direct connections to PC's.
- Supports 2-wire Half Duplex for RS-485 applications.
