

USB 2.0 4-Port Isolated Hub

Full-Speed USB Isolated Hub

Model No. CG-4PHUBISO

Each USB device connected to the isolated hub can operate independently. This isolated 4-port hub is designed with individual port power management. When any downstream port is overloaded or over-current, the port will shut down itself alone without affecting or terminating the normal operation.

- Electrical isolation up to 3000 Vrms for each downstream port
- Suitable for DIN-rail mounting
- LED for power and USB status indication
- With diode bridge circuit to avoid wrong polarity input DC power
