

Technical drawing of the rear panel of the device, showing dimensions for the main panel and the connector block.

Main Panel Dimensions:

- Overall width: 103.45
- Overall height: 32
- Height of the top section: 25
- Distance from the left edge to the center of the connector block: 54
- Distance from the center of the connector block to the right edge: 12.35
- Distance from the top edge to the top of the connector block: 10.85
- Distance from the top of the connector block to the bottom of the connector block: 10.8
- Distance from the bottom of the connector block to the bottom edge: 3.2

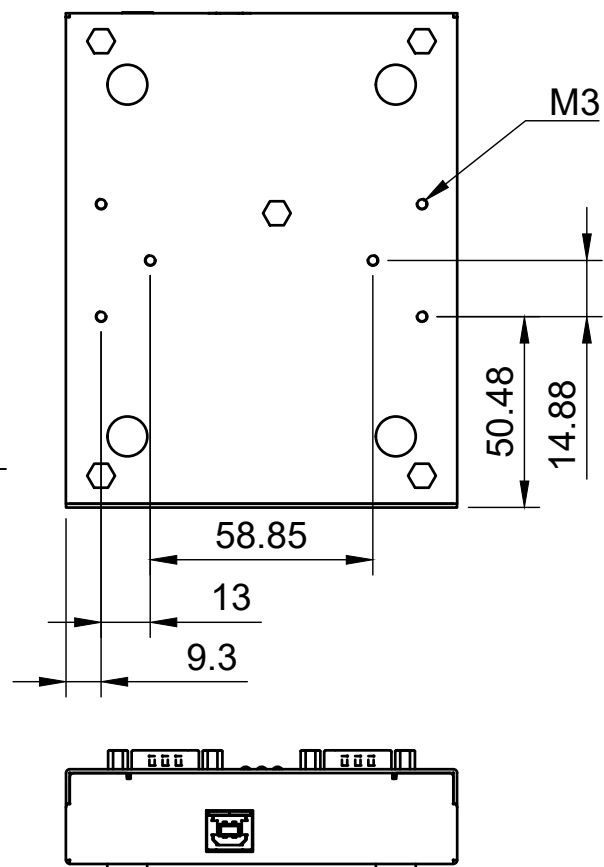

Connector Block Dimensions:

- Overall width: 130.7
- Overall height: 44.7
- Distance from the left edge to the center of the connector block: 13.77
- Distance from the center of the connector block to the right edge: 13.77
- Distance from the top edge to the top of the connector block: 21.5
- Distance from the top of the connector block to the bottom of the connector block: 21.5
- Distance from the bottom of the connector block to the bottom edge: 21.5
- Distance from the left edge to the center of the connector block: 25
- Distance from the center of the connector block to the right edge: 25
- Distance from the top edge to the top of the connector block: 25.91
